## TARC faculty celebrates decade of resounding success

WITH 40 years of academic excellence, Tunku Abdul Rahman College (TAR College) is committed to providing quality and affordable education to young Malaysians. In line with this, the School of Social Science and Humanities (SSH) which was established in 1999 offers studies in media, creative arts, social sciences and hospitality management.

From its initial offering of four Mass Communication programmes, namely Journalism, Public Relations, Advertising, and Graphic Design, the school has over the past decade

expanded and introduced new programmes in keeping with the latest developments both locally and globally. Today, the school is offering programmes in Media Studies, Broadcast Communication, Multimedia Design, Fashion Design, Counselling, Psychology, Hotel Management, Tourism, and Food Service.

Last December, the school commemorated its 10th anniversary through a campaign organised by the Advanced Diploma in Mass Communication (Public Relations and Media Studies) students.

Themed "Simply Versatile",

the campaign showcased the student-organisers' versatility in their own areas with insights into the various SSH courses.

Other highlights included an appearance by Malaysian Idol Season 2 winner Daniel Lee who presented his hit song, *Mimpi*, in both Chinese and Malay.
