The construction of a Student Centre was mooted in 2010 when the idea of constructing a hub of student activities in the campus that would inspire creativity and innovation among the students arose. With projected financial outlay of RM30 million, the Student Centre will be the single largest construction project undertaken in the history of TAR UC. Hence, TAR UC is appealing to all alumni to raise RM15 million for the construction of the Student Centre.

This noble project will certainly enhance students’ development through social interaction and extracurricular activities which are the hallmarks of our TARCian holistic education. As at August 2016, TAR University College has received a total contribution of more than RM1 million.

The Contributor Roll of Honour is one way TAR UC says “thank you” to our alumni, friends and organizations for their generosity in contributing towards the TAR UC Education Foundation for the construction of the Student Centre in KL Main Campus.

The following are the benefvolent contributors who are our supportive alumni, friends and organizations. They have generously supported TAR UC with cumulative contributions of RM1,000 or more from August 2010 to August 2016.
